

Intensive Vigil Support Program

Jackie Yaeger, MD

Helping you create a safe and sacred space during life's final journey.

- Physician directed care at the bedside
- Presence at the time of death
- Direct Access via cell phone 24/7
- Expertise in comfort focused care

What about Hospice?

Dr. Yaeger can work alongside your hospice team and if you decide hospice is not for you, that is okay too.

How much time will Dr. Yaeger spend in the home?

During this intensive vigil time, Dr. Yaeger will spend as much time at the bedside and with your family as possible. She will cancel all non-urgent appointments during this time to give you as much uninterrupted time as possible. Dr. Yaeger will need to leave to rest and care for herself periodically and her presence does not eliminate the need for 24-hour care by family or hired caregivers during this time.

What happens if my loved one's condition stabilizes?

You will have the option to either join Dr. Yaeger's lower intensity home visit practice or resume care with your regular physician.

Peace-of-Mind

Can you even put a price tag on knowing your loved one will receive the very best care possible during their final days and hours?

Emotional Inheritance

Many people save for years to leave their spouse and children financial resources. This program is an opportunity for you to leave your family members the emotional resources they need during this very difficult time.

"Just keep me comfortable"

This is a common request, but do you have a plan in place that will allow you to honor this request? Intensive Vigil Support can provide this for you!

"Dr. Jackie's wise guidance and calm presence was reassuring to all of us and allowed our father to have a graceful death...she helped us to be fully present to him"
Mary Ann G.

Cost of Intensive Vigil Support

Final cost will depend on the number of vigil days needed.

-Initial consult \$500

(this initial fee is waived for current members of my practice, Home Visit Doctor, LLC)

-3 Day Vigil \$2499 (additional days at \$833/day)

Payment for 3 days of vigil service will be collected up front and refunds will be given for any unused days.
